Well rooted and well grown, true to name and grown especially for planting in the South. Well rooted in ideal soil of sandy loam, underlaid with a stratum of clay. Well grown under supervision of expert nurserymen whose lifework it has been to study the tree and plant needs of the South. True to name because we know our trees—know their pedigrees. In our "test-orchards" we see the parent trees grow, bloom and bear—true to name.

### For Semi-tropical Planting

Everything we offer has been tested and found to grow in some part of the Southern States, Mexico or West Indies. We help customers select just the varieties we know will do best in their sections. Our stock is full and complete—800 acres of ground keep it so—in Citrus Fruits, Nuts, Ordinary Fruits, Shade Trees and Ornamental Shrubs and Vines. Twenty-six years' successful business, each year larger than the one preceding, shows the satisfaction our stock has given.

## TO IMPROVE APPEARANCE OF VARIOUS CITY PARKS

Park Commissioners Met  
Yesterday and Discussed  
the Matter.

THE HANDSOME FOUNTAIN FOR THE PLAZA HAS BEEN SHIPPED—MOVEMENT ON FOOT TO EMPLOY LANDSCAPE ARCHITECT TO DRAW PLANS FOR BEAUTIFYING ALL PARKS AND SQUARES OF THE CITY.

Park Commissioner Greenhut reported to the meeting of commissioners on various parks held in the city hall yesterday afternoon that he had received notification from the manufacturers of the fountain which will be placed in the Plaza that it had been shipped Tuesday and that it is expected to reach here in the course of a few days.

George L. Bouchier, employed in the office of the city engineer, will be paid \$10 for each plan accepted by the park commissioners for beautifying the different parks and squares, commissioners representing six parks and squares having decided upon this manner of expending some of the appropriations made by the council. Secretary Sherrill was instructed to confer with the other park commissioners not represented at the meeting in regard to paying \$10 for a plan for beautifying their parks. Commissioner Clubb said the Bayview Park Commissioners could not afford to pay \$10 for a plan to beautify that place, owing to the small appropriation made for that purpose. Mr. Johnson, one of the Bayview Park commissioners, informed the commissioners that he would pay the \$10 out of his own pocket for the plans and they will be furnished by Mr. Bouchier. Mr. Johnson agreed with Mr. Clubb that the appropriation would not allow the expenditure of this amount for a set of plans, but as he was anxious to have the work of beautifying Bayview park done in accordance with the ideas of a landscape architect, he was willing to pay the cost of the plans himself.

The secretary was instructed to correspond with landscape architects for the purpose of ascertaining the cost of plans for beautifying parks, squares, etc.

Commissioners Clubb, Johnson and McHugh were appointed to submit a report at the next meeting of the commissioners in which they are to specify the distance trees should be planted from the sidewalk, the distance between trees, and also to name the kind of trees which will not be allowed to be planted in the street. The council will be asked to pass an ordinance in accordance with the report of this committee.

To Employ Superintendent. Commissioner Sherrill suggested that the commissioners of Seville square and the Palafox street park agree to help pay the salary of Landscape Gardener Kimble if arrangements could be made whereby Mr. Kimble could devote some of his time toward beautifying the places named above. Mr. Kimble is now working under direction of the Plaza commissioners and his work is confined to that square. It is the intention of the commissioners to have Mr. Kimble devote his time to superintend the work of beautifying these three places, the labor necessary for the performance of this work to be paid for by the commissioners representing the three places. The matter was referred to Mr. Greenhut and he will take it up with the other commissioners.

The large bay tree on West Garden street, near Baylen, which would be cut down when the work of paving that street is commenced, will be transplanted in Bayview park. Those present at the meeting were Chairman Daniels and Commissioners Johnson, McHugh, Sherrill, Roch, Clutter, Robinson, Watson, Greenhut, Clubb and Mayor Goodman.

Had Not Heard  
OF MAYOR'S VETO

RESIDENTS THOUGHT THAT THE AMENDED SIDEWALK ORDINANCE HAD BECOME A LAW SO CASES WERE NOT PROSSED.

Their failure to learn that Mayor Goodman had vetoed the ordinance recently passed by the city council, which allowed temporary repairs to be made to sidewalks in the sidewalk limit, caused the arrest of Ira Antoine and G. W. Tucker. They had been granted permission under the ordinance to make repairs to sidewalks, but did not commence the work until after the ordinance had been vetoed by the mayor. Their cases were not prosessed in the recorder's court yesterday morning.

## ALL VESSELS LOADING AT L. & N. WHARVES

Work is Being Carried on by  
the Company Without  
Interruption.

NEW MEN SEEM SATISFIED WITH THEIR EMPLOYMENT AND ARE DOING THE WORK FAIRLY WELL—CARS ON THE WHARVES ARE GUARDED DAY AND NIGHT.

The fifth day of the strike of the unorganized laborers formerly employed on the docks of the Louisville & Nashville railroad in this city closed without any apparent change. None of the strike-breakers, brought here from Louisville by Special Agent Harlan, who employed them in that city, are reported to have left the employ of the railroad company yesterday or last night. Neither have any of them who joined the ranks of the striking men after their arrival here gone back to work. It is said that none of the old employees have returned to work.

All Vessels Loading. Work on all tag vessels consigned to the Gulf Transit Company at the railroad docks was carried on without interruption yesterday, but no work was done on them last night. The only work done last night was on the steamer Hannah M. Bell, which is consigned to the American Naval Stores Company, and loading a cargo of naval stores. Employees of this company are not involved in the strike.

The committee of strikers and strike breakers who asked Mayor Goodman Monday to compel the railroad company to furnish free transportation to the latter to Louisville, and who were referred to Superintendent Saltmarsh, were in turn referred by the latter to Special Agent Harlan, who brought the strike-breakers here from Louisville. Mr. Harlan is reported to have told the committee that he was unable to comply with their request on account of the anti-pass law, which makes it unlawful for a railroad company to issue a pass to any one not in its employ, but that he would send them back if they would decline the offer. The names placed on the payrolls of the company, their time to be counted from last Sunday morning, when they left Louisville, until their arrival in this city. The strike breakers are said to have declined the offer.

The number of strike breakers at work yesterday is said to be in excess of the number working Monday. Preparing Quarters. Seven additional box cars, used as sleeping quarters by the strike-breakers, were placed on one of the docks yesterday, making a total of 18, and a number of cots were placed on the first floor of the Gulf Transit company's office on Commandancia street. The cars are closely guarded day and night by men in the employ of the railroad company, and persons approaching them at night are asked by the guards what is the nature of their visit to the docks.

Wm. Connors, who resigned his position on the police force when ordered to guard the electric cars during the recent strike of the conductors and motormen in this city, has accepted a position as one of the guards on duty in the day time.

CASE OF WILL THOMAS TRANSFERRED TO COUNTY

The case of Will Thomas, colored, who was arrested by the city authorities on the charge of being a dangerous and suspicious character, was yesterday transferred from the recorder's court to the county authorities.

Thomas was taken to the county jail by Constable Charles P. Bebe, where the charge of mortgaging property which he did not own was placed against him.
